TIMNATH LAKES METROPOLITAN DISTRICT NO. 4
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS

Services Provided

The District was formed on August 5, 2020, to provide for the design, acquisition, construction, installation and financing of certain street, park and recreation, water, sanitation, mosquito control and safety protection improvements and services. The District was organized in conjunction with Timnath Lakes Metropolitan Districts Nos. 5 and 6.

The District has no employees and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District. The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

Senate Bill 21-293 among other things, designates multi-family residential real property (defined generally, as property that is a multi-structure of four or more units) as a new subclass of residential real property. For tax collection year 2023, the assessment rate for single family residential property decreases to 6.95% from 7.15%. The rate for multifamily residential property, the newly created subclass, decreases to 6.80% from 7.15%. Agricultural and renewable energy production property decreases to 26.4% from 29.0%. Producing oil and gas remains at 87.5%. All other nonresidential property stays at 29%.

URA Property Taxes

The URA will receive property tax revenue ("Pledged Property Tax Increment Revenue") from the Larimer County Treasurer in excess of the amount produced by the levy of those bodies that levy property taxes against the Property Tax Base Amount in the TIF District.

Revenues (Continued)

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 7% of the property taxes collected.

Expenditures

Intergovernmental Expenditures

The District collected property and specific ownership taxes. The District transfers these net property taxes to District No. 6 to help fund administrative expenditures.

Debt and Leases

The District has no outstanding indebtedness, nor any operating or capital leases.

Reserves

Emergency Reserve

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of fiscal year spending. Since substantially all TABOR funds received by the District are transferred to District No. 6, which pays for the District's operations and maintenance costs, an Emergency Reserve is not reflected in the District's Budget.
